#### INTRODUCTION

The Merrill E. Gaddis Collection consists of term papers about historical houses in Missouri, written by students of Gaddis for his course, History of the South, at Central Methodist College in Fayette, Missouri.

#### DONOR INFORMATION

Florence Lyon Gaddis donated her late husband's papers to the State Historical Society of Missouri in 1960 (Accession No. 2842).

#### BIOGRAPHICAL SKETCH

Dr. Merrill Gaddis taught history at Central Methodist College in Fayette, Missouri, from 1929 until his death on January 16, 1958.

#### SCOPE AND CONTENT NOTE

The Merrill Gaddis Collection consists of term papers that document historic houses in Missouri. It is arranged alphabetically by county and, within each county, alphabetically by name of residence. Cross references are in the folder list for homes referred to by more than one name. The term papers range from in-depth historical examinations to simple essays.

Sources include family histories and genealogical information about the original builders, county histories, newspapers, personal interviews, anecdotes and legends, cemetery and tombstone records, deeds, ownership transactions, wills, court records, brochures, maps, descriptions of the architectural features, hand-drawn sketches, illustrations, and floor plans. Some documents were photocopied for preservation purposes. Whenever possible the originals have been retained.

Photographs show owners, the interiors and exteriors of the houses, furnishings, surrounding property, and outbuildings. The photographs have been numbered sequentially and their quality varies. The majority of photographs are black and white and their sizes range from two inches square to eight by ten.
