#### INTRODUCTION

Interviews produced by Haskell Monroe and University of Missouri students to document Columbia, Missouri, in the 1930s and 1940s. The collection includes audio cassettes, transcripts, and miscellaneous material.

#### DONOR INFORMATION

The Haskell Monroe Oral History Collection was donated to the University of Missouri by Haskell M. Monroe, Jr. on May 23 1997 (Accession No. 5715).

#### PROJECT SKETCH

The project was conducted by Monroe, former chancellor and professor of History at the University of Missouri-Columbia, and students from his History 201 classes during the 1994 through 1996 school years. The interviews, handled primarily by the students, sought to document and preserve the memories of individuals who were residents of Columbia, Missouri, during the 1930s and/or 1940s. Many of the participants include graduates and retired faculty and staff from the University of Missouri-Columbia, Columbia College (formerly Christian College), and Stephens College.

#### SCOPE AND CONTENT

The Haskell Monroe Oral History Collection comprises oral interviews on audio cassettes and transcripts of the interviews. The cassettes are arranged in the order in which they were created; the transcripts are arranged in the same order. Alphabetical lists of the transcripts and audio cassettes follow the audio cassettes list in this inventory. Not all interviews have transcripts, and those transcripts available may be an incomplete or edited version of the actual interview. Researchers should note that the interviews for Fall Semester 1994 (a.c. 1-56) and Fall Semester 1995 (a.c. 190-303) focus specifically on Columbia during the 1930s, while Winter Semester 1995 (a.c. 57-189) and Winter Semester 1996 (a.c. 304-483) concentrate on Columbia in the 1940s. Following the audio and transcript lists is a small miscellaneous series, which contains biographies and notes of several of the interviewees.
