INTRODUCTION

The Missouri Architectural Collection is an artificial collection combining various small acquisitions related to Missouri architecture. The collection contains architectural drawings of buildings constructed in the State of Missouri, as well as buildings designed by various Missouri architects in the states of Arkansas, Arizona, Kansas, Louisiana, Nebraska, and New Mexico.

DONOR INFORMATION

See the collection folder for donor information.

COPYRIGHT AND RESTRICTIONS

The Donor has given and assigned to the University of Missouri all rights of copyright, which the Donor has in the Materials and in such of the Donor's works as may be found among any collections of Materials received by the University from others.

SCOPE AND CONTENT NOTE

The Missouri Architectural Collection continues to have material added to it. New additions are added at the end of the collection. Researchers should browse the index and roll lists to locate pertinent material.
