Historical Note:

The University Medical College of Kansas City, Missouri, was founded in 1881 by a number of local medical practitioners. In 1905, under pressure from the American Medical Association to raise the educational standards of medical colleges in the United States, many accredited medical colleges were absorbed by state universities. The University Medical College, however, decided to remain independent until its closing in 1913.

Arrangement:

The collection folders have been arranged alphabetically. Contents within the folders are arranged chronologically.

Scope and Content Note:

The University Medical College of Kansas City Records contain directories, annual announcements, attendance records, programs, publications, and photographs. The bulk of the records are annual announcements listing faculty and students, plan of instruction, and requirements of admission and graduation.

Folder 10 contains two photographs: Post Graduate Class of University Medical College, 1892, and University Medical College Faculty Class, 1907. Folder 11 contains two photographs: Professors and Trustees of University Medical College, 1898, and Trustees of University Medical College, 1907.
