BIOGRAPHY:

Born in Haverhill, Massachusetts on March 18, 1947, Karen McCarthy grew up in Leawood, Kansas and graduated from Shawnee Mission East High School in 1965. Receiving a B.S. in biology and English from the University of Kansas in 1969, she obtained a MA in English Education from UMKC in 1976 and subsequently earned a MBA at KU. After teaching English at Shawnee Mission South High School and the Sunset Hill School, McCarthy was first elected to the Missouri House of Representatives in 1976 on the Democratic ticket. Subsequently re-elected eight times, she became a ranking party member in the state House, serving on numerous committees including chairman of Ways and Means and the Appropriations and Energy committees. Serving as co-chair of the Missouri Commission of Global Climate Change, she was a congressional representative to the Kyoto Protocol on global climate change, a Harvard fellow at the Institute of Politics, and was the first female president of the National Conference of State Legislatures in 1994.

Elected to the House of Representatives in 1994, she served on the Energy and Commerce committee (including the subcommittees Commerce, Trade and Consumer Protection, Energy and Air Quality, Telecommunications and Internet, Environment and Hazardous Materials) and the Select Committee on Homeland Security as the ranking Democrat on the Intelligence and Counterterrorism subcommittee. After serving four terms, McCarthy returned to Kansas City, where she sat on a number of boards and is an active fundraiser and sponsor for a variety of cultural and political activities. Her honors include the Missouri Citizens for the Arts 2005 Advocacy Award and the Business and Professional Women of the USA's Woman of the Year award. She died on October 5, 2010.
