Charles George Wade Papers

1888

1 folder, 4 oversize drawings

Wade was the assistant engineer on the construction of the Railway. Includes a booklet and drawings relating to the Kansas City Cable Railway.

BIOGRAPHY:

Charles George Wade was the assistant engineer on the construction of the Kansas City Cable Railway, built in 1885. He designed and supervised construction of the Union Avenue Station Building. He later helped with the construction of the Denver, Colorado, Cable Railway. Born in Wisconsin, C.G. Wade married Clara Mabel Warren ca. 1887. They had six children: Warren, Mabel, Cather, Janet, Gerald, and Irving L.

PROVENANCE:

This gift was received from William B. Karst of American Society of Mechanical Engineers (ASME) as accession KA1913 on January 19, 2011. The items were given to Mr. Karst by Irving L. Wade, son of Charles G. Wade.

COPYRIGHT AND RESTRICTIONS:

The Donor has given and assigned to the State Historical Society of Missouri all rights of copyright which the Donor has in the Materials and in such of the Donor's works as may be found among any collections of Materials received by the Society from others.
