**Introduction**

The records contain membership lists, research materials, publications, organizational records, and newspaper clippings, covering the period 1981-2004.

**Donor Information**

This gift was received by the University of Missouri from Margie Eucalyptus on 8/22/2005 (Accession No. KA1386).

**Historical Sketch**

The Kansas City Food Circle, a project of the Heart of America Action Linkage, was established in 1994. With a stated purpose of “educating the public about the environmental and health dangers of industrial scale, petrochemical dependent agriculture,” the Food Circle hopes to increase demand for locally grown, organic food. This increased demand by individual families, restaurants and grocers will enable small organic farmers to prosper.
