This is a certificate number 224 for 500 shares of capital stock in the Zinc Milling and Manufacturing Company of Joplin in Jasper County Missouri. The certificate was registered to Paul F. Vose.

The Zinc Milling and Manufacturing Company was issued business charter number 25924 by the State of Missouri, but there is no evidence that it ever filed any annual reports, and the Missouri Secretary of State's office lists its status as "inactive." The certificate of stock indicates that the company was to have had a capitalization of \$300,000 in shares of one dollar each. This certificate for 500 shares of capital stock is dated 21 August 1911, and is signed by company president G. Y. Pierce and corporate secretary L. J. Adams. On 29 May 1912 the owner of the shares, Paul F. Vose, signed the transfer statement on the reverse of the certificate in the presence of J. D. Pickett, but the remainder of the transfer statement was not completed.
