1109 **Letter, 1916.**
 One folder.

This collection is available at The State Historical Society of Missouri. If you would like more information, please contact us at shsresearch@umsystem.edu.

This is a letter dated 28 November 1916 from R. S. McClintock at Joplin in Jasper County, Missouri, to Edward A. Hill at Aurora in Lawrence County, Missouri. The letter deals with mining property near Webb City in Jasper County.

Although the letter was written on the letterhead of the Connor Hotel in Joplin, R. S. McClintock gave his address as 2001 Kentucky in that city. He told Hill that he could find no “gilt-edge” mining investments in the Picher and Commerce areas, but he had “a proposition at Webb City” that was available. The property was 55 acres of “sheet ground” adjoining the Yale Mine known as “the old Santa Fe Lease.” Included would have been McClintock’s mill at Cave Springs. McClintock mentioned enclosed “drill records and maps,” but they are not included in this collection.
