This is a brochure for Hidden Valley Lake, a privately managed recreation site east of Lebanon in Laclede County, Missouri. The proprietors were Bill and Rhea Casner.

Hidden Valley Lake is a 20-acre impoundment on the North Fork of Crooked Creek in eastern Laclede County, Missouri. This single-sheet illustrated brochure, printed on both sides, is undated, but an automobile in one of the photographs appears to be from the early 1960s. Under the management of Bill and Rhea Casner, the privately-owned site offered camping, picnicking, and fishing between April first and November fifteenth.
