This is a letter dated 17 December 1908 from George P. Ryan, Principal of Jerico Springs High School in Cedar County, Missouri, to Carola C. Ward of El Dorado Springs, Missouri. The letter concerns Ward's application for a position in the Cedar County schools.

Although this letter is written on the letterhead of Jerico Springs High School, of which George P. Ryan was the Principal, the text indicates that Ryan might be the incoming Cedar County Superintendent of Schools. Ryan promises to find a position for Ward if possible, so that "you may be with us in our County work."

The accompanying cover notes that Jerico Springs High School "offers two years of high school work" and "prepares for teaching and other professions." Tuition was \$2.00 per month and board was \$2.00 to \$2.50 per week.
