Collection, 1972-1992
349 Folders**

This collection is available at The State Historical Society of Missouri. If you would like more information, please contact us at shsresearch@umsystem.edu.

In October of 1987 the Community Liaison for Education and Research (C.L.E.A.R.), a member organization of Challenge Metro (formerly the St. Louis Gay and Lesbian Community Services), began an ambitious project. This project consisted of collecting the history of the Gay and Lesbian Community in St. Louis, and was to be called the Lesbian and Gay Archives. The nucleus of the archives was a large collection of periodicals, clippings, flyers, and brochures donated by the owner of Our World Too Bookstore, Bill Cordes. After an initial surge of activity, the archives was placed in the care of Fredric Risover. He continued to collect material and was assisted by Bill Cordes. In the summer of 1991, Fredric made arrangements to place the collection with the Western Historical Manuscripts Collection.

He continues to collect material and donates the material to WHMC annually.

SCOPE AND CONTENT

This collection represents an invaluable addition to WHMC's holdings. This gay and lesbian community is all too often under-represented in historical collections. The collection documents the history of the gay and lesbian community in St. Louis well and provides the researcher with complete, or near complete, runs of several different publications. This collection forms the core of the gay and lesbian collections housed in WHMC and should be used in conjunction with them.
