INTRODUCTION

Oral history interviews with St. Louis and St. Louis County women on their personal and professional lives. These records include DVDs and transcripts.

PROJECT SKETCH

As the result of successful participation and interest in the International Women's Forum-St. Louis (IWF) Oral History Collection (SA1148) a new collection of interviews entitled Women as Change Agents began in 2014, and is an on-going project administered by the State Historical Society of Missouri-St. Louis in collaboration with Dr. Blanche M. Touhill, Chancellor Emeritus University of Missouri-St. Louis. This collection features women outside of the IWF who are leaders and agents of change in their professional and personal lives within the city of St. Louis and St. Louis County. Topics include, but are not limited to activists, civil engineering, community organizing, economics, education, law, medicine, and non-profit creators.

Interviewees are initially posed a set of seven questions prior to their interview. Interviews are limited to one-hour.

SCOPE AND CONTENT NOTE

The Women as Change Agents Oral History Collection consist of oral interviews on DVDs and transcripts. The DVDs and transcripts are in chronological order. An index to the major topics follows this inventory.
